# Sight Word Sentences

Dear Parents,

Your child will be bringing home a set of Sight Word Sentence sheets. These sentences are based on common sight words that your child will frequently read and write. Repeated reading of these sentences will be very helpful as your child develops early literacy skills.

Please have your child read at least one of the sheets to you every night. Please provide support as needed to help your child read accurately. At this point, most students benefit from carefully touching each word as they read.

Each time your child reads a full page, please have him/her color in one star on the bottom of the sheet. When your child has filled in all the stars on a sheet, please send it back and he/she will win a little treat.

It would also be very helpful to have your child write one of these sentences or a sentence using similar words. Please help your child leave large "2 finger spaces" between words.

Many thanks for your support helping your child develop early reading skills. Please let me know if you have any questions or concerns.

Sincerely,

Name \_\_\_\_\_

I

I paint.

I eat.
